## OUR TECHNICIANS WILL NOT AND DO NOT TOUCH RESIDENTS BELONGINGS.

Resurfacing is similar to painting a small car in your apartment home. There is going to be a lot of overspray mist floating around.

**Please take the proper steps to protect your belongings.**

**The resident is responsible for following these safety guidelines, conditions, and requirements (please read and initial each item below):**

- \_\_\_\_\_ Remove items off countertops and all belongings out of bathroom and/or kitchen including artwork. Drawers/cabinets not included.
- \_\_\_\_\_ Cover all furniture, artwork, lighting, and personal belongings completely with plastic in the areas close to where work is being performed or ANY & ALL areas open to overspray drift. This must be done!!!
- \_\_\_\_\_ Make sure there is enough room so our technicians can move from room to room & have the area around the slider door clear so we can ventilate apartment from there.
- \_\_\_\_\_ Turn off all electronics (Computers, gaming consoles, etc.) in order to avoid dust from entering cooling fans.
- \_\_\_\_\_ The refinishing process involves the use of chemicals. People may suffer adverse reactions to some of the chemicals used in the refinishing.
- \_\_\_\_\_ The resident must not be in the dwelling during the refinishing process. The resident must stay out for at least seven hours after work is completed (i.e. 8:00 p.m. or later).
- \_\_\_\_\_ All pets must be removed from the unit during & six hours AFTER completion of the refinishing process.
- \_\_\_\_\_ People with a history of respiratory distress (such as asthma) and pregnant women, infants, and people with health concerns or chemical sensitivities should stay out of the dwelling for a minimum of 24 hours from job completion.

I (the undersigned party) have read & agree to follow the safety guidelines, requirements & conditions listed above.
